**U.S. Probation Officer Action:**

On December 3, 2010, Your Honor was advised, via a Probation Form 12A, of this offender's positive drug result for cocaine on November 16, 2010. At that time, the undersigned requested no Court action be taken and advised Your Honor that our office would continue to closely monitor the offender and notify the Court should the offender test positive again or involve himself in any wrongdoing. On March 1, 2011, the offender underwent a random urinalysis which tested positive for Benzoyllecgonine (Cocaine Metabolite). The specimen was forwarded to the National Testing Lab and confirmed positive for Benzoyllecgonine on March 5, 2011. The undersigned officer held an adjustment session with the offender, at which time, he was verbally reprimanded for his use of illegal substances.

On March 7, 2011, the offender was referred for outpatient drug treatment at Open Door located in New Brunswick, New Jersey, both on an individual and group basis. He will also continue to report to Code-A-Phone, a random drug testing program, at Open Door. The undersigned officer will also monitor any illegal substance use by the offender by administering random drug tests during home and office visits. He was advised that a violation of supervised release hearing would be scheduled before Your Honor should he submit another positive drug test from this date forward and/or fail to report for drug testing and/or treatment. He was further ordered to abide by the standard and special conditions of his supervised release term and to satisfy his outstanding \$30 special assessment immediately.
